We provide
reliable
maintenance
& repairs
for *all* Hvar
homeowners.

We have seen how homeowners on Hvar are frustrated with the lack of reliable tradesmen. Whether it's dealing with unexpected chores in your own holiday home to desperately calling around when something goes wrong during a guest's stay - finding the right person seems to be a real challenge. Our mission is to solve this problem with our maintenance programs. Membership guarantees you access to the right people to deal with any issues as they come up, 24/7.

While you may know Hvar Away as a villa rental company, in fact, we extend our property maintenance support to all Hvar homeowners - whether you rent your property through us or not.

WE ARE
HVAR /AWAY

Multi-skilled tradesman
Problem solver
Former strongman pro
Polish work ethic
Your property *superhero*

Before moving to Hvar in 2020, Matt directed his own general building and maintenance company in the UK. With the pandemic came the opportunity for change and a new venture in Croatia. Our goal is to bring the highest standards of professionalism to homeowners on this idyllic island.

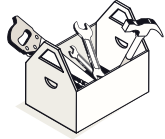

With our team, we not only resolve the inevitable minor breakdowns and leaks, but whatever else your property throws at us – all at the earliest possible stage, avoiding disruption and additional expense. We operate on a membership model to manage the high demand for this exclusive service, ensuring reliable and consistent support for our clients.

Matt.

Our testimonials

WHAT OUR CLIENTS SAY

We have been on Hvar Away's property care program for over two years, including pool maintenance. Matt has also carried out numerous repair works identified from the property care visits, including: rewiring main fuse breakers/sockets as a result of burned main cable in our absence, replacing the boiler, air conditioning installation & servicing, chimney cleaning, roof repairs/broken tiles.

In all circumstances, the service has been exceptional and what feels like life-saving on an island where reliability is often questionable. Matt's ability is second to none, and his knowledge and quality of work gives us confidence that things are being done to a high level of quality. He has often made his schedule work to help fix urgent issues and always turns up when he says he will.

There is nobody else on the island in our experience who can provide this level of service, communication and professionalism.

WHAT OUR CLIENTS SAY

Hvar Away Property Care Program... I cannot begin to explain the difference it has made finding this service and the man behind it all - Matt. I'd almost given up trying to get anybody to do anything on this island it's been so difficult, so many let downs and disappointments! Then a friend put me in touch with the lady at Hvar Away - Elisha - wow an immediate response phone call... then zap an email with links to their website and all their services... I was stunned it all looked incredibly professional! ... and low and behold a year later ... I can tell you it is! - hooray from the rooftops.

After setting out what I needed, "the man" arrived - I say man; Matt is more like Arnold Schwarzenegger - "Don't worry I'll be back" - I don't think there's anything he can't do. He jet-washed years of grime and algae off my terrace, 50m² of stone slabbing, hand crafted a beautiful wooden pergola, table and seating, installed all the outside ambient lighting, he just keeps on going... a one man machine!

I've now left them in charge of the monthly maintenance of the property, whenever I'm not there I no longer have to worry or even think about it, he just does everything from air con maintenance to checking everything is safe, secure and working down to the last tap, door lock and light bulb. When I return it's all working clean and tip top. I almost don't want to share Hvar Away with anybody else, but that wouldn't be fair! I recommend you give them a call, sit back, relax and enjoy your free time.

Our testimonials

WHAT OUR CLIENTS SAY

We would have been lost with all of our projects in our new-but-old Hvar home without Matt and Elisha! As other reviews make clear, Hvar Away are super-professional and responsible, pro-active and creative in a wide variety of "home solutions". Matt has installed half of a new kitchen for us, including a dishwasher; cleaned the roof and unblocked gutters; put in new air conditioning units (in the nick of time during this year's later summer heatwave!); poured concrete to make our garage more usable; and various other tasks that were beyond our own capabilities. And each task has been executed in a fully pre-costed and transparent manner, which is rarely the case with others here on Hvar...

We hate to think where we might be without this exceptional couple running Hvar Away, who are also highly friendly and personable as well! Bottom line is there is probably no home-related task that we would hesitate to ask them to carry out for us. A five-star rating is not only merited, but perhaps too low.
